ABOUT CancerSelect® Plus CANCER INSURANCE

Why Should You Offer Your Employees Cancer Only Insurance?

Chances are someone in your company has been diagnosed with cancer. When those medical emergencies occur, oftentimes employees are suddenly faced with lengthy medical treatment, drastic lifestyle changes and uncertain futures. At the same, many employees are also not equipped to handle the mountain of medical bills and associated expenses that their current employer-sponsored insurance policy may not cover.

On the other hand, you can help your employees prepare for just such an occurrence by offering them a supplemental cancer only insurance policy that is specifically designed to pay benefits to help defray the costs of cancer treatment.

CancerSelect Plus pays indemnity benefits in the event of a cancer diagnosis.

Designed as a supplemental policy, CancerSelect Plus provides meaningful direct and indirect medical benefits to your employees to help pay the costs of cancer treatment. CancerSelect Plus benefits are paid in addition to any other insurance your employees may have. Benefits are paid directly to the employee or directly to anyone else he or she chooses.

CancerSelect Plus also includes a cancer screening wellness rider that pays a benefit amount per calendar year to each insured for specific tests performed to determine whether cancer exists in a covered person.

Highlights of CancerSelect Plus:

Individual and family insurance available

Guaranteed issue available, subject to group size and participation

Offers a variety of enrollment methods including a simplified process for Guaranteed Issue amounts

No physical exams or blood tests required¹

Premiums collected through the convenience of payroll deduction

See Plan Design for more details.

¹If offer is not guaranteed issue, acceptance will be based upon answers to questions on the proposed insured's application for insurance.

GENERAL ADMINISTRATIVE ISSUES

How to Apply - Organization

Your organization can apply for this insurance by providing us with your completed Life and Health Group Application and Agreement together with a copy of this proposal. Before approving, we may request additional information about your group. Upon approval, we will notify you when insurance becomes effective.

Group Master Policy Effective Date

Subject to our receipt and review of all necessary information, the group master policy takes effect on the date requested on the Life and Health Group Application and Agreement. There is no policy backdating.

How to Apply - Employees

An applicant should elect insurance that best meets his or her needs and those of his or her family. All questions on the application should be completed accurately. All applications are subject to our review and approval.

Individual Insurance Effective Date

Insurance is effective on the effective date requested on the Life and Health Group Application and Agreement or first day of the month following the date an individual's application is approved by us, whichever is later. The employee must be on active service and any dependents cannot be disabled for insurance to become effective.

Beneficiary

Employees designate their own beneficiaries. In community property states (AZ, CA, ID, LA, NM, NV, TX, WA, and WI), when someone other than the spouse is designated as the beneficiary, the spouse's consent is required. The employee will automatically be the beneficiary of any dependent insurance.

Current Disability and/or Premium Waiver

We do not provide insurance to an individual currently disabled on a premium waiver. In this case, it is assumed that the previous carrier, if any, should continue to provide the individual's insurance coverage.

Premium Payment

Premiums are paid conveniently through payroll deduction. You'll receive a bill each month.

Grace Period

A grace period of 31 days will be allowed for each premium payment after the first premium. Insurance will stay in force during this time. The coverage under the policy will terminate at the end of the grace period if the premium has not been paid. You must still pay all unpaid premiums. This includes the premium due for the grace period.

LIMITATIONS AND EXCLUSIONS

We provide benefits only for cancer as defined herein, which is positively diagnosed while coverage is in force. It does not provide benefits for any other illness or disease.

- We will only pay for loss as a direct result of cancer. Proof of positive diagnosis must be submitted to us for each new claim. We will not pay for any other disease or incapacity that has been caused, complicated, worsened or affected by, or as a result of cancer, except as specifically covered under the contract.
- If a covered hospital confinement is due to more than one covered condition, benefits will be payable as though the confinement or expense were due to one condition. If a hospital confinement or expense is also due to a disease or condition that is not covered, benefits will be payable only for the part of the hospital confinement or expense due to the covered disease or condition.
- Under no condition will we pay any benefits for losses or medical expenses incurred prior to the effective date.

Pre-Existing Condition Limitation - No benefits are provided during the first 12 months for pre-existing conditions for which medical advice or treatment was recommended by a physician, or the existence of symptoms that would cause an ordinarily prudent person to seek diagnosis, care or treatment within 12 months prior to the effective date of such person's policy.

Total Disability means the inability to perform all of the material and substantial duties of the employee's regular occupation. Total Disability will be considered to exist when under the regular care and attendance of a physician for the necessary treatment of cancer. After the first two years of Total Disability, the employee will continue to be considered Totally Disabled if unable to engage in any employment or occupation for which he or she is or becomes qualified by reason of education, training, or experience. If the insured is unemployed when they become totally disabled, we will consider their "regular occupation" to be the occupation last performed prior to becoming totally disabled.

12-Month Benefit Period - The initial 12-Month Benefit Period is the 12-month period beginning on the date of positive diagnosis. Subsequent 12-Month Benefit Periods begin on the same month and day as the immediately preceding 12-Month Benefit Period; however, if the covered person incurs no covered loss during the 3 months after the end of any 12-Month Benefit Period, the next 12-Month Benefit Period will begin on the next date a covered loss is incurred. Benefit Periods are determined separately for each covered person.

First Occurrence Rider

Benefits are not payable:

- For cancer diagnosed prior to the Effective Date of this Rider;
- For any other illness or disease other than internal Cancer;
- For Skin Cancer or any Cancer excluded from coverage by name or specific description.

Specified Illness and Disease Rider

This Rider provides benefits for the Initial Positively Diagnosed Specified Illness or Disease defined in this Rider on or after the Effective Date of this Rider. It does not provide benefits for any other illness or disease.

We will only pay for loss as a direct result of a Specified Illness or Disease. Proof of Positive Diagnosis must be submitted with each new claim. We will not pay for any disease or incapacity that has been caused, complicated, worsened, or affected by, or as a result of a Specified Illness or Disease or its treatment.

Benefits under "Waiver of Premium" of the Contract do not apply to this Rider for Total Disability due to a Specified Illness or Disease.

Termination of Insurance

Employee coverage will terminate on the earliest of:

- The date of the employee's death;
- The date on which the employee ceases to be eligible for coverage;
- The last date for which premium payment has been made to us;
- The last date on which employment terminates;
- The date the group master policy terminates; or
- The date the employee sends us a written notice to cancel coverage.

Dependent coverage will terminate on the earliest of:

- The date the employee's coverage terminates;
- The last date for which premium payment has been made to us;
- The date the dependent no longer meets the definition of dependent;
- The date the group master policy is modified so as to exclude dependent coverage; or
- The date the employee sends us a written notice to cancel dependent coverage.

We will have the right to terminate the coverage of any covered person who submits a fraudulent claim under the policy.

Termination of the Group Master Policy

The policyholder may end the policy on any premium due date by submitting a 60-day advance written notice. A group will not be continued if it drops below the minimum required participation. The group master policy will be terminated and coverage of all remaining insureds will end.

Other Insurance with Us

An individual can only have one cancer policy or certificate with us. If a person already has cancer insurance with us, such person is not eligible to apply for this insurance.

DISCLOSURES

GROUP BENEFITS DISCLOSURE POLICY

Transamerica Employee Benefits (TEB) is a unit of Transamerica Life Insurance Company and Transamerica Financial Life Insurance Company. TEB markets and administers voluntary insurance benefits through licensed insurance agents. These agents are typically appointed to sell our products, and products of other providers, and receive various forms of compensation from us for the services provided. We believe our compensation arrangements with our agents are conducted with honesty, fairness and integrity. In addition, we realize that having trusted relationships between our agents and our customers is essential to all involved. To ensure this trust continues and to address any concerns within the industry, we have outlined our policy on agent compensation disclosure.

TEB's policy supports transparency and full disclosure of agent compensation to our customers and prospective customers. In addition, we have put controls in place to facilitate this disclosure and obligate our agents to disclose compensation information to customers: 1) when asked by a customer; 2) when receiving both a fee from the customer and compensation from TEB; and 3) when otherwise required by law. Agents must comply with all applicable laws in the sale of TEB products, including any pertaining to the disclosure of compensation information.

TEB's Group Benefits Compensation Disclosure Notice (below) describes the various means by which agents may be compensated for the sale of our products. It is the responsibility of your agent to share specific information with you about his or her compensation arrangements with TEB. Accordingly, please direct any compensation disclosure questions directly to your agent.

COMPENSATION DISCLOSURE NOTICE TO ALL POLICYHOLDERS

Agents who sell and service our products are paid a commission. It varies by the type of insurance policy sold and the state where the policy was sold, and is based on a percentage of the premium received in the first year, and at policy renewal. Agents may receive advances or loans against anticipated commissions for cases sold or to be sold. These advances may or may not require the payment of interest, depending upon the agent's total business and historical experience with TEB.

Agents may receive other compensation from TEB in the form of cash or non-cash awards or prizes, based upon a variety of factors that may include the level of premium written or earned, persistency and growth of premium, or other performance measures. Agents who manage, supervise or recruit other agents or wholesale our products and services to other agents, may receive commission overrides on business that results from their efforts.

Some of our agents may receive additional payments for providing services in connection with the administration of our products. Fees for such services may be calculated on a per policy or per certificate basis or upon the premium volume associated with a specific case. TEB may additionally reimburse these agents/administrators for certain expenses, such as the cost of mailings.

Agents may occasionally obtain exclusive rights to market TEB products or services to agents, employers, employees, or members of associations or unions. Certain groups or associations may also agree to endorse TEB's products to their members. TEB may pay a fee for these exclusive marketing rights or endorsements. See your proposed plan documents or policy certificate package for more information on any such arrangements.

Up to date information regarding our compensation practices can be found in the Disclosures section of our website at: www.tebcs.com.
